

Sinclair Broadcasting should absolutely be prevented from abusing their privileged position of free access to the public airwaves by directing its nationwide network of local stations to air pure political propaganda like their upcoming anti-Kerry diatribe/documentary, only days before the election.

Sinclair is obligated by law to serve the public interest, and not just their own narrow self-serving political agenda.

This is further proof of how the current trend towards mass-media concentration works against both the letter and the spirit of the federal broadcasting rules and regulations.

Thank you.
